There are many other wonderful ways to help Bakersfield's AIDS Project serve Kern County persons living with AIDS. Compassion and support are crucial to providing these services. Bakersfield's AIDS Project is an all-volunteer organization and has been for almost 20 years now. Thank you to our generous community members for your wonderful help. If you want to help with providing one or two items from our wishlist, or if you have other ideas on helping local PLWA's, please call or text 661-742-3611, or email audrey1bap@yahoo.com .
